
Lwanga Charles oliwa?

Posted by naginda - 2008/05/05 10:29

I am trying to get in touch with my friend Lwanga Charlesof Entebe and then Kazo. He must be somewhere in Japs.

Interesting... You have many sisters (same mother same father) also named "Naginda"?

That cannot be true. I had not thought about it before, but now I can see that you adopted the name as your "user-name" not your real name.

Here in BUGANDA, there is no female person sharing a maiden name with so many of her sisters.

Remember - always truth comes out.
