Singa abatumanyira balaba ku bubaka obuli mu luyimba luno, banditegedde. Naye ate kanekube akalati, si kugamba nti tebamanyi wabula balina bubezi mitwe minene, they want to re-write history. Buganda has been an autonomous state for a very long time no wonder on 8th/oct 1962, Buganda was granted independence prior to the nation of Uganda. I kow the war is going to be tough to kick out the Tusti but 'yes we can'.
