Someone tell the people down home that there seem to be no Mataali from home on the youtube.

The names of Allah

<http://www.youtube.com/watch?v=RRc3G06-Fs0>

Here you get to read them in English

<http://www.youtube.com/watch?v=vFh6gXmWdlo>

I hope this is the right kind of material, you really need a person with the know how to do this, the youtube can be tricky.
