Mukwano Jameerah,according to this...

He forgets all previous mischief and leaves us to have a quiet interview. Semambo is the youngest member of the household. He joined the Vanhoorickx family 24 hours after his birth almost two years ago. His father, Luc Vanhoorickx, works with Save the Children and his mother Marjolein (Majo) is a nutritionist.

They met at university 12 years ago, but only got married in 2003, in Haiti, the country.

Ssemambo seems to be an adopted child,and NOOO the mother is not a namagoye but wat I wud call a "muzungu".
