Following a survey and a story in the NewVision of Saturday 14th September 2007, UGANDANS love their country.

In that survey conducted among 500 Ugandans, Seventy-eight percent are proud to be Ugandans and 60% are even willing to die for their country.

The survey carried out in six districts in all regions, also shows that 58% would rather forego a better job offer abroad and stay in their motherland.

Eighty-four percent say they would buy a Ugandan product just to promote Uganda, and 71% would support the Uganda Cranes against their favourite English clubs.

On the Family Sunday Show of 16th September 2007, and in the perspective of Ugandans living out of Uganda, we asked the questions:

What does it mean to be Ugandan

Do you love your country Uganda?

Responses received from our callers were varied. But generally, all the callers said they loved their country a great deal.

We ask you these questions again. What does it mean to be Ugandan and on a scale of 1 to 100 percent how much do you love your country?

Being Ugandan is what God created me to be, otherwise I would have been born elsewhere.

I love Uganda for better or for worse. If I said I didn't love her because she's got problems now that wouldn't be love. So I love her 100000000000000000000000000000000000000%.

We all should love our countries if we understand that the sense of belonging is very important.

We do buy products to promote the people who are creative to represent the face of Uganda. In my eyes artists have done a great job i.e musicians, crafters, painters etc.

Many professionally educated people have become a little disappointing. They speak in third person about my country.They forget about their humble begginings. Those who have advocated for us thank you very much.

this how i hear them say, "abantu be Uganda oba lwaki tebategera..." i wonder why they ask us to send their bodies back home when they die. well i guess the point here is that being negative about your country Ugandans doesnot help build it but break it.

Love it, do your best to promote it.

Mike and Queenie mwebale kubeera consistent here to promote your country and to bring us together. God loves uganda so does Angie-Bee

Njagala Buganda 100% era ndi munnaBuganda. Katonda yeyatonda Buganda, era Katonda naatuwa ekitundu munsi awasangibwa Buganda. Yatuwa olulimi, Luganda, era yatuwa obwaKabaka mu Buganda.

Katonda teyatondera Buganda mu bbanga. Buganda eri ku ttaka lyaayo Katonda lyeyagiwa. Omuntu ayagala okutwala ettaka lya Buganda, alwanagana n'entegeka ya Katonda.

Katonda teyatonda Uganda. Abeeru bebatekawo Uganda. Uganda is a man-made shell. Katonda yeyatonda Buganda.

Buli muntu ayagale nnyo ensi Katonda jeyamutonderamu.

Okuva Uganda lweyatondebwaawo tewabangawo mufuzi yenna akola mulimu buli omu mu Uganda neyeyagala. Lwaki? Kizibu nnyo (kumpi tekisoboka) okufuga amawanga amangi nga amawanga ago ogafudde eggwanga limu. Abamu basanyuka, abalala banyigibwa.

Labira ku eyali Russia eyedda. Bweetyo bweyagezaako okukola, naye oluvanyuma byalema. Amawanga agaali mu Russia mangi gekutulako.

Amawanga agali mu Uganda fenna tugamanyi. N'amawanga agali mu Europe oba States mu USA nazo tuzimanyi. Amawanga agali mu Scandinavia gamanyiddwa. Entegeka eyekika ekyo erimu emigaso, naye tekitegeeza nti Scandinavia ggwanga limu.

Mu Uganda waliwo akutte akaggo. Eggwanga Buganda bwerigamba nti lyagala lyekolere ku byaalyo (nga bwekiri mu USA, Europe, Scandinavia) nga baligamba nti "ssirika mangu, ssikkuba. Ekyo tokiddamu. Oyagala kubeera musososze?". Ne mu Russia waaliyo eyali akutte akaggo, kyokka ebyo bbyo byalema. Mu USA, Europe, oba Scandinavia, teri akutte kaggo. Ezo zensi zetwegomba, era eyo otusangayo bangi abava mu Uganda.

Ekibuuzo kiri nti "Oyagala ensi yo Uganda?". Nange wano wendi abeeru bawano ekibuuzo ekyo bakimbuuza ntakera. Era bongerako nti "Oba oyagala ensi yo, kati wano wanona ki?" Nebongerako "Onoddayo ddi ewammwe?".

Oyinza okubuuza omuzungu nti "Do you love your country Europe"? Asobola okubuuza tourist nti "Do you love Europe or Scandinavia?" Oli bwakugamba nti "I come from the United States of America". Ekibuuzo kyomuddiza kiba nti "In which State do you come from?"

Ekituufu kiri nti njagala nnyoooo ensi yange BUGANDA. Buganda y'emu kunsi Katonda zeyatonda. Katonda teyatonda Uganda.

Yadde naabo abagamba mbu ensi yatondebwa ne "BigBang", BigBang teyatondawo Uganda. Wabula yatonda Buganda etc.

Ani gwetusanidde okuwa ekitiibwa Katonda oba abeeru abakola Uganda (oba BigBang)?
