This ConnectUganda website is for all Ugandans. So, tell us the whole story. Those of us who weren't in the chatroom promise to be fair. And what does Martin Luther II has to do with it?

Thanking you in advance.

Sorry about the feeling ericmugisha!!

That may have been something that skipped my eagle-eyed sight!

I always lookout for uncivilized,vulgar comments and tribal/racist slants that threaten the Connect Uganda family spirit in the Chatroom.These are always put to check in time,thanks to the ever lightning-fast intervention by the Moderators.

And this is a very serious issue,so I believe the Moderators would have chatroom conversation transcripts to do a good followup on this!

However,I do remember seeing you in the chatroom last sunday(21/Oct),just before the Family show started,and you stated something along the lines of "Lucky dube's mabugo",but you didn't seem upset about a thing at all!

I think that the people who come to this parliament take this seriously. Even when we are joking, we are joking seriously. So Mugisha, since you brought a complaint to the parliament, it's mandatory that you give all the details. Not doing so might give a bad name to this meeting, and undermine the principles upon which it is based -- to connect Uganda. We are humans, prone to making mistakes, assuming that whoever hurt you didn't mean to. Understand that important as

your feelings are, this is not just about you anymore. It's about anyone of us different in anyway, from the majority. And not just us here today but others too, that might join tomorrow. So EricMugisha07 act responsibly to your fellow members who'd like to see this family functional. This is not any one person's job, it's a team work.

So it is this serious huh?

I never in a million years saw members talking issues this serious! Anyways, adding onto Meli's submissions, it's only in the parliament's best interests that this issue gets resolved, here and now, otherwise we would be prompted to wondering as to why it was ever brought up to our attention in the first place!

We will unanimously agree that every member here has a value, and every one's contribution makes connect uganda what it is, one of the best forums in the cyberworld. I am pretty sure the presenters have similar sentiments, and this was evident on Sunday when Queenie asked where mugisha was to make his song request! So it is our collective responsibility to see to it that peace and harmony prevails here.

What baffled me and had my jaw dropping on the floor, was comments that WE are rejoicing saying "kagende tukawonye". How pathetic!

Ericmugisha, bringing this to our attention was the best way to go, and I dully commend you for that, and we are all responding with one view in mind, resolving it the best we possibly can, and amicably, and for the Love of this cause. I won't sit here and start coaxing you into divulging details you aren't prepared to, you have your rights to say what you want and hold back on what you don't. I personally detest grudges, but failing to share this with us leaves me with a bad taste in my mouth!

Question here is; What good will this bring?

ericmugisha07 you seem to be making an allegation here. I wonder whether you know the gravity of what you are doing. We have a reputation that we fight so much to keep and you seem to be determined to tarnish it with your rather baseless allegations.

You are as well starting to sound intimidating and threatening to other members and this is not acceptable.

You have been given an option to express yourself so we get to the bottom of this matter and I think you should use it.

You wrote: Naye wabula kyesigenda kukola, kwekubabulila what exactly. (ekyo nkibagambilawo...)

In my opinion, if you are not willing to share what you allege to have happened, we can't help you any further. You have to remember we are not mind readers. And I think we should not waste any more breath on you because it will be wasting our time and resources. I will consider this matter closed as your allegation is baseless.

If on the contrary you feel it important to share your allegation (in private if you want i.e. send an email to the administrators of Connect Uganda via the website 'contact us' page) then we owe it to you to listen and get to the bottom of the matter.

Now ok then since everybody has decided for whatever reasons not to just come forward and actually address Mugisha`s concern i will tell or say what exactly bothers the guy in my own view banange lets not pretend that we all don`t know were this came from ok. For starters you all must have seen or red Mugisha`s postings and the counter postings from other contributors ok so banange this is not a short story yadde some of us really chipped in here and there naye omusajja bambi was i actually think not fairly treated for resitance when on a certain topic he was replied to or refered to as "Twabakowa" or something like that and also in other postings he was never really received wel ok so with all this in mind musajja wattu i guess neyekubila endulu... but when in chatroom that particular sunday he mentions, i guess 14 october during the usual compliments given to members in the chatroom by Mike & Quenie u know to thank the people in the chatroom bambi i personally think Mike really never intended not to mention Mugisha`s name but he did actually not mention him thats the truth. So you can imagine what went through his mind and i actually mentioned this when he complained and i thought it was ok or atleast thats how i took it. Then everyone mentioned or wrote this or that but Mike i guess didn`t know so i wrote a line to him that "Mike oziza omusango" and Quenie promptly red it to Mike but maybe Mike took it just lightly and he never said anything in that regard in which case Mugisha wrote that olabye kale Mike bwatafayo and other things... which prompted Mugisha to walk out or call it whatever it was ok so there u go all it`s there for u all maybe Mugisha feels betrayed but on a lighter note we should all co-exist and Mike please u as the moderator try as much as possible to be impartial ok i know very well u are doing a good job and doing your best bambi but now u`re eyed by everyone so buli omu ayagala yr attention however small eeeeeeeeeeh olabye munange buli omu takes your comments very serrious which is a good thing that shows you how important people take connect uganda. So sometimes this will happen along the way but iam sure certain things maybe inevitable since its a free society but just keep up the work and were ever there`s a complain take heed and everything will just be fine no one thinks what you are doing is easy. Connectuganda ebewooooooooooooooooooooo.

Sefrex,thank u soo much for throwing some light onto this issue infact now that u have mentioned it,i have now seen the root cause of Mugishas allegations.Ela nga yebweyakitute nti kyali kuye ela kyaluma yee kubanga nze sakilabamu ngeli yonna nti kyali kive,Queenie usually skips those names of people with avatars and its Mike who sometimes reminds her nti Queenie obusse gundi.. ela nzijukila nakyogelako ko nti pc ya Queenie elabika temulaga manya gaffe abalina bu jangu nkulye ku usernames zaffe.So it seems Mugishas case is different nti bayinza okuba nga bamwelabila bwelabizi naye olwensonga zosome okuwanula wagulu kubikwata ku byomu forum ndowoza Mugisha nakilaba nga gwebabodde.kale mulaba akantu akatono bwekasobola okuleta obuzibu mukitundu?Ela Sefrex wangala nga musolo kuba singa tobadde gwe ani yanditegedde lwaki munaffe omu ali mumbela gyalimu?Kuba ye abadde tali na ready kwanjala nsonga eno.Now that Sefrex otukubyemu torch am sure kigenda kolebwako ela ffena tudemu tubele bara bara.Mwebale kuteesa bantu baffe.

After reading about what happened in the chatroom, I'm sorry to say, that disappointed doesn't start to explain my feelings. Is that all this kafuffle was about? Because a busy Mike didn't mention someone's name during the show? Well, let me jog some people's memories here, we, the mostly forum people, have been complaining forever, why the forum(note: the forum, not us individually) don't get as much attention as the chatroom, when we are here like 24/7 and the chatroom people only show up on sundays! We never said someone is trying in this way to get rid of us, or make a nuisance of ourselves.

I would also like to bring the parliamentarians attention to Omumbejja's complaint that she posted under the title, "Attention to Mr. Mike."

SSEBO MIKE singa oyitako wano noyamba ngobudde bukyaali,abantu abamu balwooza nti ate ffe abataasa ffe tulina ensoonga,so nga ate Mugisha yabakyankalanya, ekimeeza kiringa ekya Mugisha kuba wano kino yakifuula ttambiro lye e lya connect, simanyi oba web master amutya buti oba amumanyi bumanya ,oluusi ndwooza nti ate webmaster yenyini ye Mugisha. kuba wano eyaleeta ebyokwekalakaasa nga BIJJA mu mawulire bamugamba nti tobyogerako ebyo bisasamaza nokubisimuula nebasisimuula. Byo ebya Mugisha enkya neggulo ayita entalo , teri amugambako, ate ffe abazimugobya ffe bemusinza omusaango. . Yasooka kutuletera butida natugamba tusitukiremu tugende tulwaane kko ffe nti yiiiyi na graduatinga ku mbukuuli, nti nabagambye mwanguweeko ozikwaata tulwaane kati wuuyo azze yebagazze ente aze nezisabasaba era tukyeremye , mumutunulira temumunyega.....

She didn't get this kind of responses as Mugisha is getting here now. Infact, she didn't get any. Not even from Mike himself or the Webmaster. And she still shows up and makes her entries.

I would also like to tell you that once I visited the chatroom myself and my name wasn't mentioned. Or, rather should I take it that you people were trying to get rid of me, since no names were mentioned at all in my presence?

Yes, at some point people said to Mugisha nti Twakoowa. The truth be said, whoever, Mugisha's himself included, doesn't understand why people are uptight, is been missing episodes. In certain situations, the best way to make people understand that you are not part of the problem but rather of the solution, is to handle them from the good side. I know Mugisha you are passionate, but you lack patience. And Like I've told you before try to place yourself in other people's shoes.

Kalibattanya told you once, that you expect people to tiptoe around you. I want to think that's not true, but just in case, please don't. I for one, isn't cut out for tiptoeing, don't know the first thing about it. Would rather shut up. So know this, we are all just working hard on our civility. And like she told you on another occassion still, be a good boy, that you are, sit down okiike nebanno in good spirit.

Dear oh Dear me!!!

What does this spell out?

Ok.Sefrex thanx for shedding some light onto this. However, nze siraba nsonga eyinza kunyiiza muntu kutuuka ku ekyo!

If I understand correctly, and please correct me if I am wrong. The whole connect Uganda Family is at fault here, for marginalising and intimidating ericmugisha!(How, I am yet to find out)

FYI: Connect Uganda ye radio yaffe, etumalako ennaku n'ekiwubaalo,era ye Launge yaffe wetuwummulira after a long

and stressful day, or a tiring night at work.

The last thing one wants is coming home to log on the Forum and stumbles onto this pity seeking baby, whining about lack of attention from the moderators!

Oh dear! Cummon be a man Mr.crybaby.

I mean let's face it:-

We are here for a laugh and good times that many of us long for, and miss. And for the 1st time in so long I've seen jokes flying around here, and all in good sprit. (Though it is on record you (mugisha) posted a comment mbu ssebo ggwe tosaaga, and you wanted people to start taking you serious.)

You don't have to take things personal if someone decided to disagree with whatever you posted, bearing in mind that some of the topics you tend to put up are political that not everyone would be willing to participate in.

Simanyi oba this is a ploy to attract attention, you know better. Though you have kind of succeeded in sucking us of our precious juicy time posting nothing, other than this.

Naye ekituufu abantu bakoowu.

You do not honestly expect anyone to send you commiserations and shower you with buckets of pity kubanga Mike DID NOT MENTION YOUR NAME AMONGST THE PARLIAMENTARIANS KU Live show... or do you?

And you do not expect omuntu aleme kulowooza ku mukaddewe gwebalindiridde okutwaalako omudaala gwe e Nakasero, alowooze ku mugisha kubanga Phad yagaana okukkiriziganya naye ku kufungiza batandike okulwanira Buganda!

Nandiki tuleme okulowooza ku baganda baffe abali e Gulu abafiira obwerere tudde ku ericmugisha atasaagasaaga!

Mwami gundi jukira BULI LIISO LYEKAABIRA G'ALYO.-ERYA KONO TERIYAMBA KU LYA DDYO KUKULUKUSA.

So you either hang tough (just like a man) or PACK IT IN. Naye era jukira na kano, "omuzizi azimba ttwe".

Abantu bakoowu ate n'obudde bwenyini tulina butonotono okudda mu kwereega ebikya n'okusaasira ab'entondo.

You got everyone on their toes for a minute, thinking something sinister had happened, naye here we are.

Yiii Martin Luther III!!! Musajja wattu wummula mirembe.

Njogedde nnyo mpulira n'emimiro girakasidde. Ani ali mu fumbiro ampe ku lwendo lw'ag'emugga?

ericmugisha07, I must state that I have nothing personal with / against you. As you read the remainder of this post, please keep that in mind.

You are making an allegation that you face discrimination while interacting with members here at Connect Uganda. You claim the pinnacle of this plan to exclude you was Sunday 14th October 2007 during the Family Sunday Show where you say I, as the presenter the program, did not read your name while reading names of people in the chatroom that day. I am taking sefrex's post as the basis of the summary of your allegation since you have endorsed it as a true account.

ericmugisha07, you are a gallant member of this community which collectively makes up Connect Uganda. You are respected and valued just like every other members here. But you are not special.

From your posts on this subject, you seem to want to be taken in a special category. This can not happen and will not happen simply because none of us is special here. We like to think we are all the same.

You wrote:

nkimanyi wadde wanno ndiwo nga mwana mujja na nnyina I think such statements simply show your burning desire for that bit more attention. They will however not get you any sympathy or preferential treatment here.

Back to the Family Sunday Show, I could have made an omission and maybe not read your name while reading chatroom members. If at all this happened, it was not consciously done. And you should not take it personally. It has happened to a lot of people here before. None of them has however ever raised the dust you have. This does not mean the people it has happened to before do not care. It simply means they understand we are doing a live show where anything can happen.

On the other hand, you may be suffering discrimination while here. If you think this is true, you could be the one discriminating against yourself. You seem to have expected to be discriminated against while here. And seeing that the good people here have not done it, you've taken it in your hands to create a scenario that fits your initial expectations.

Bear in mind that this is a two way traffic. We at Connect Uganda need to be protected against claims such as yours.

You wrote:nze mbadde nkimanyi bulunji nnyo nti Mukimanyi naye nga mwebuzabuza One more thing - please stop thinking for the rest of us. As we may not know what's on your mind, you possibly cannot know what is on ours.

I hope we can all be the happy family that we aspire to be.

All views expressed on this forum are the opinions and responsibility of the individual authors. They are by no means views of Connect Uganda, her administrators, or staff and are NOT endorsed by Connect Uganda in any way . For this reason Connect Uganda can not take any responsibility for posts on this forum. Posts are not edited by Connect Uganda at the time of posting. Posts that belong to Connect Uganda are always labelled Admin.

ericmugisha07, above is a copy of our disclaimer that also appears at the bottom of this forum. I suggest you read it one more time.

I will say this for the record. Connect Uganda is an institution that values unity amongst Ugandans. You just have to listen to what we do to understand. We pride ourselves for this and we think we are on the right path.

We as the institution of Connect Uganda have not in any way discriminated against you. It is against everything we are here for to discriminate against members. To us, as I said before, you are a respected and valued member of this community. You are not special though as all members are seen in the same light.

We provide a forum and as the disclaimer says, All views expressed on this forum are the opinions and responsibility of the individual authors. They are by no means views of Connect Uganda, her administrators, or staff and are NOT endorsed by Connect Uganda in any way .

I believe I have addressed your concern in the light of Connect Uganda and your allegations. If you have issues with individual forum members, then you can raise an official complaint about those members and we as the administrators of Connect Uganda owe it to you to address it and come to the bottom of things.

If on the other hand you think Connect Uganda as an institution has been discriminatory to you, then you need stable ground for your claims. An omission of your name as you stated is not basis for a serious allegation as this. We can unfortunately not deal with your own imaginations.

Just to recap, the Institution of Connect Uganda, given our explanations above and in other posts on this topic, have not expressed any form of discrimination against you. My not reading your name during a live show is not and cannot be seen as discrimination because it has happened to lots of other people in a random manner for one but yet again it is a live show and lots of constraints can cause such an omission to happen.

Most importantly, this omission was not systematic. If it happened, it was on one show and on only one occasion.

I hope this is the end of you making allegations against Connect Uganda as an institution. As a hint, read the disclaimer and understand that Connect Uganda and individual posters are two different things. Thank you for your time.

Ok, it's official now, Mugisha you discriminate yourself here. God help the different people who venture to a place where the majority is like you. Because you've got a discriminative nature. Remember you are not the only one here who isn't 100% a Muganda. My opinion is that if you feel that you don't fit, and aren't appreciated, it would be healthier for you to leave. I'll miss you though, you've got that Zizinga character, coupled with a tact that's got all the ladies attention. It's this diversity that brings up interesting interactions. I feel that people here understand that. You should learn to love yourself the way you are, whatever your background. I thought that's what you were doing when you chose a username close to your home. I did it by offering info about my background. So I'm living proof that your allegations are misplaced. For example; If you tell someone, you are fooling me, you know what to expect. But if you keep flirting with misunderstandings the way you do, you'll marry them, bear fruit with them, plus all the consequences thereof. It's a state of mind. If you can do it here, you'll do it anywhere. So if you decide to go, please go in peace. Enough interruption of the others who have use for this corner, let them continue having their souls nourished.

Banaye mwenna ensonga eno mugikute bubi nyo kubanga Mugisha mubutufu ayina ensonga era kimpadde esanyu okulaba nti Mugisha ayagalanyo radio eno bwekiba nga Mike teyasoma linya Iya mwami Mugisha yeyakola ensobi kuba eyewa ezomumba gwebazikuba Mike yalibade avayo nagamba kimu nti Mugisha tusonyiwe weekend enadako tuja kutandikira kugwe nebikoma awo. ok nze nga mugisha nekusawa eno gwemuyita omubii, silowoza nti kibela kyamakulu okugamba nti "connect does not discriminate", nga some registered members of connect show some discriminative behavior. Silowoza nti okubukka elinya lyange kyali kilunji nga mwe bwemugezako okungaamba. Ok ekyammaanya gomu chatroom kyekyatandika binno byonna kuba nze nali sisobola kutula butuzi nga nda ebintu ebyekika nga kino. Nali nina okusitukilamu mumpene ne reasons lwaki ebintu ngabinno nze byentadeko eliso bikyagenda mumaso. Naye kati ekya manya gomu chatroom tusobola okukileka wadde kyekyaleta spark ya whole issue. My last issue is why doesn't connect do anything about it's memebers who make discriminatory remarks? Nze nsubila bwekiba nti kyakuleta bantu together, connect yoyenyini elina okugaana abantu okukola racist remarks. Ate nga ne ba administrators bakilaba nabo. Nze nsubila bwolaba ensobi notajigolola, then nawe obela.... the world is a dangerous place not because of those who do evil, but because of those who do nothing. kati racist remarks ezo ntuse nokuzijjaye wekibadde kisukidde nga ela zikyaliyo. Siganyi wadde mwe ba administrators musazewo nga disclaimer yamwe bwegaamba, silowoza nti baganda bange abalala bwabanajja wanno banabela basanyuffu nga basoma ebintu ebiffananako nga ebyo wagulu. (Awo ejakuba nga effuse yabamu sibonna) Ate nakino kankijjeyo. Enaku ezo kyekyali kyekweseza musese. Musese yali okoze olutalo mu chatroom nga elemedde kumusajja... Musese namugambilawo nti "according to what you are saying, you are being discriminative..." kuba nze ekibi kyendabye sikikwekeza naakamu! ela musese yamala ebanga lyona lyeyamala. Nze ebintu ebyo bibadde binuuma mpaka webituse nga njagala nfune explanation ddala lwaki bikolebwa? Administrator that small thing which you call tiny, is a big deal! Gwe okilaba nga ekitono, naye kintu kinene. Nze nsubila kyandibadde kimpa amakulu manji nnyo okungaamba ekintu kimu kyokka nti I was busy, it was a live show... ok I understood it but still you had to tell me how it is not a big deal...????? Ekyokulabilako. Olaba abantu byebakuba esimu nga banganba nti lwaki "lwaki ffe ababela ejindi temututumulako..." obutabatumila kiyinza okuba tekilina kyekibakosa naye gwe olowoza lwaki babelabagaala nabo okutumilwa? ;) kilowozeko olabe then olyoke obulille nga issue yange combined with all other remarks I have encounter at connect bweyali not a big deal... (byebyo obusajja obuzungu obumu byebukyakola abadugavu) Naye nekusawa yalelo, nkye'ebazanyo Seprex kubanga yajjaye buli kintu kyonna! (nabamu byebali begaanyi) Nsubila something needs to be done about the previously quoted remarks!

Right on.

I will take the bull by its horns.

ericmugisha.....Thanx a million for bringing out all those entries with comments by members as stated.

Do yourself and us a favour,after reading that disclaimer Mike posted(Just in case you had not read it before),have it rooted in your mind that none of the content of the entries on this Forum are Connect Uganda's responsibility.That is crystal clear,and Connect Uganda cannot be put at fault/blame and accuse the whole Institution of discrimination for statements by subscribers.Bandi's entry was spot on, and if you want to blame someone for discriminating you, its yourself you have to attack.

You can imagine how someone would feel about a statement from a mugisha like this; Robster kankuyambe nkudilemu ekibuzo kyo. Abanyankole babafulinga (oba mwe baani?) Naye ebisela ebisinga ekivilako omuntu okumufulinga, kuba omuntu oyo aba alina obwongo naye nga tabukozesa. abafulingibwa abanyankole, mufulingibwa lwakuba mulina obwongo naye temwagala kubukozesa!!! ate ela bwemunagwamu obutitizi bwokutya GUN, nze ndowozana nti abanyankole bajja kulekela awo gwe kyoyise okubafulinga....

So one asks himself..Who is fooling who?

Is it a mugisha fighting in the Buganda corner, or Robster and the rest who refuse to agree to mugisha's comments to incite the Baganda to fight?

I am prompted to point this out, perhaps it could be of help and for future reference.

I believe I am the only person amongst us who knows you most.

I am pretty sure you still remember the conversation we had the very 1st time you entered the connect uganda chatroom.

In a nutshell, you slammed the radio and its presenters.

You then demanded a specific song be played for you,at that specific time though I had explained to you that you had arrived late and presenters had signed off!!!It wasn't a pleasant exchange there,and you called me names too.

I never took it anywhere beyond those lines, and here we are now.

Up until now, I believed that nothing more than trying to announce your presence was your intentions.(which you have successfully accomplished)

But after this, I am wondering what your real motives were/are, up to this minute.

If it is anything to tarnish the name of the radio so loved all over the world,by branding the moderators and presenters ABASOSOZE,and refering yourself to OMWANA OMUJJA NA NYINA as being treated differently by them,SIR on behalf of the Forum and the Chatroom , I say,we are that united that we wont let you succeed.

A lot of effort and resources have been applied to this cause,for someone to come and try to wreck it in such amateurish moves.If it is the case(and I am not implying that it is but IF)then you need to try a lot harder than this.

If you have differences with individual members, fair enough, that can be dealt with appropriately as Mike stated earlier, but dragging the whole Connect Uganda Institution into this is totally unacceptable.

I will reiterate that your presence is valued and your input and entries form a good contribution to connect uganda as a community.

However,you need to draw a line.

All eyes are on you sunshine, because you have put yourself in such a position.

Stay blessed and lets hope this thread is as good as closed,and should be archived.

Alternatively, all of us who'd said mean things, we could apologize to each other. Mugisha you said evil things about my Jesus, and my King. That's why I said what I said, and in one instance I was deliberately aiming at hurting you. If you tell me you are sorry about the things you said, I too will take back that thing I said that you mentioned up there, and the other, you know which. Otherwise, you being a Mathematician, you know if its you said and I said, it councls out into nothingness. Unlike you, I hold no grudges and I still wish you could stay. But I think what you'll need kwekulekerawo okwenakuwaza nakuwaza ebya kabwa bwa bwa. I told you about this before:-
