SSEMAKULA QUILTS EAGLES BAND

The good times came and went and now the bad ones are in the air for Mesach Semakula and Eagles Production Word is that the 2005 Artiste of the Year is quitting the band he formed with his buddies ie Geoffrey Lutaaya, Ronald Mayinja, Fred Sseruga and Grace Ssekamatte eleven years ago. It seems as if Mesach has been trying to keep the big news on the hush hush but we have been following the whole situation and we can even tell you that he almost quit last year when he got a swollen leg. We hear that Mesach was quoted saying he was yet to make a big decision. "My fans, wait I will tell you when time comes," he said, "Of course that story holds some water but as per now I'm keeping quiet." Mesach said that he was unhappy because some Eagles Production members are affecting his family.

Wamma nze mugiddeko aka hat if ts true hes leaving cos dey interfere wiv hes family. Atlast des a man prepared 2 do wot is right, stand by his family(if it means his gal). Omannyi pple dont want to move on, say like dey still fink hes still de same young man when dey 1st started, but hes grown up now , maybe he needs stability and dat only comes fro a strong family. So hard luck, change is a fact of life.

Sorry about your mum. When I was young I used to worry so much about ever loosing mine. It happened when I was an adult, but the pain was more than what I'd imagined when I was a child.
