I remember I was about two and a half years old, just up to the height of a regular bed post. It was morning, and Mother was playing with me some, tickling, singing and stuff. Then she said we should go prepare, because grandmother was coming to visit. I said, "Why mama, don't let her come, I don't like her, she's old!" Mama said, "What, you mean you don't love my mother?"

Ever since, I tried to love grandmother as best as I could. And my love was getting stronger as I grew older. She noticed, and she'd share her stuff with me. Not only her, my other grandparents too. Towards the end of my teens I knew already that souls are ageless. I knew they knew more, but they enjoyed my stories just the same, because they understood them better than I did.

I just wanted to share with you this little thing; that people are just people. Their bodies maybe however they maybe, but inside souls are just the same. Okay, some people know more than others, usually it has to do with age, but not always. And all souls never cease to need love. The people, who were born in 1978 got to be a fixed number at the end of that year. From then onwards, these people die and their number decrease. As years go by, they become less and less. Their parents and siblings and friends will die, yet they'll still be in need of company.

What I want to say here, it's not always about sex from the older people's side. As for the younger women, there comes a time when one just wants to settle down. And you meet this person who's able and willing to be a companion, and maybe give you a child or two.

People, making it all sound so dirty doesn't help anyone. Moreover, is there less dirt elsewhere? Empaka tezitta mazima.

Nze onkutteko Maama!Oba Pastor awo we mbadde ndokokera!

Love is so precious,and dont we all need that?

To Love and be Loved.

Aint that what all of us die for?

Imagine those in the developed countries who decide to throw,yes I called it throw their aging parents in The Old and Aging Homes,nebasanga eyo ennaku nga eboza buwogo!Getting to be shoved into situations like these doesn't make them less of humans,and doesn't discount them of needs we all yearn for,nature calls and desires inclusive.

Nsobi ki eri mu bazeei abagenda okwenoonyeza envuumuulo ezirimu ssupu,zibazeemu omusayi? Ku lwange sigirabyewo!

Kingo eyo campaign yammwe eri destined to fail hopelessly. Ggwe ate temuwe nabakadde bammwe bwaana bubakuuma? Abaana abakulira ewa ba jajja baabwe babatenda ekyyeejo. Era bwolisanga omukazi oba omusajja eyakula ne jajja we ogenda kulaba omuntu amanyi okwagala. Kubanga Jajja ono, naddala bwabeera namwandu oba semwandu, omukwano gwe gwonna, ogwa nyina ne kitaawe nebanne bonna batakyalaba agussa ku kaana kano. Nosanga omukazi owemyaka ensanvu nga aweese akavubuka akemyaka ena. Nogamba nti tekamumenye amabega? Nga omukwano gwegumuliko ku kane kano. Mukwano gwange eyakula ne Jajja we yangamba lumu, nti singa yali amanyi engeri gyayinza okufunamu ekintu ekiwangaaza, yandikinoonyezza, nafuna okuwangaaza jajja we. Kyenjagala okukulaga nti omukulu nga oyo, afuna kazzukulu ke, nakamalilako omukwano, abalala afuna muntu mulala. Toyinza nakugamba nti ogenda kuziyiza any kind of love, cross generational or whatever kind. That's evil!!!! Kyemwagala okukola kulwanyisa bantu abefuula nti bagala bannabwe, nebalalimbimba, nebabakolako obubi. Ekyo kyangu okukolebwa abakulu ku bato, naye ssi bokka bebakikola. Waliwo nokufuba okulwanyisa obulwadde, mubiwe amannya gabyo amatuufu. Omukwano muguleke gubeewo, wonna weguloka gusanyusa. Ffenna gutugasa.

Sigamba nti guno omukwano gwa buli omu, naye waliwo abalondemu, nga bbo kibajjira naturally. Ekyo kyengamba tuyige okukireka, tuleme kukitagaza.
