
Job vacancy in Ug hospital

Posted by Bikolwa - 2007/11/20 15:34

Are you a newly qualified medic or a junior medic? Do you wish to start working in Kla, Uganda? If so, please get in touch for further details.

Ps. This post would suit someone already based in Ug or can relocate to Ug.

On a different - I am seeking to find the whereabouts of Ruth Nansamba who relocated back to Uganda ~22yrs back, due to marriage and family. Brief history: you worked in Hammersmith Hosp. Radiology Unit before moving to Leeds and then back to Ug.

Last communicated ~15yrs ago. Get in touch pls.

All that is well and good, but how do these people pay their bills? How do they get food on the table?
