Maama Buganda atandise okkula!

It is selfless acts like these that portray patriotism. And only patriotic people can develop a nation. More like 'giving to a nation' as opposed to asking what the 'nation can give us'

In an email sent to the people behind this website (also copied below,) Connect Uganda has pledged support to this noble and selfless work for the good of our nation.

Am delighted to see this website. Please continue the good work. I

pledge my support any way I can. If you can use any of the services we

have at Connect Uganda Limited please let us know and we shall gladly offer them within limits.
