Because we all know that we the Ugandan whenever we are or we go we make Big Name in positive and negatives the positive is to avoid shame and stay out of trouble that is smart. Going around the Globe with bicupuli frauding innocent people ha ha ha that is not smart at all because we're now known around the Globe with this kind of Quick money Get rich or die? even the young ones are doing the same thing because the picture they see from the elders is not clear and straight everything to them is to be quick in things and life will be good. After a respite things falls apart and sometime to loose life for all what you put in your hands which you did not sweat for. KOLA NGOMUDDU OLYE NGA OMWAMI that is Smart Ugandans.
