LOL...This is one interesting abbreviation that has been a cause of misunderstanding by many of us.It depends on how u use it to get its full meaning.Why am I bringing it up now...This is because I have this friend I´ve been chatting with for sometime.Being one person that uses this abbreviation every now and then,my friend always interpreted it the other way round.Whats LOL in its sense?

LOL....Lots Of Love oba

LOL....Laughing Out Loud.

The latter is my favourite and thats why I use it more often.:lol: :lol: :lol: :lol: :lol: .
