
Would you date an ex-convict?

This is a tough one. Never been in a situation where an ex-con tried to get at me, so all my answers are hypothetical.

I keep an open-mind at all times. I would have to say that it would depend on his reason for jail time. Also assuming they were honest and up-front about it too. I would have to take this person at face value. People do reform though. Given the chance they can turn their life around.

I can't assume that every guy who has been in prison is a bad guy but again not every guy out there is the good one. I believe the worst ones are the ones that haven't been caught yet.

Seriously, though, it would really depend on how much we have in common in terms of a shared direction, shared values, and goals that compliment each other, and ultimately if we clicked. If they fit the bill, I would probably say yes, after time enough to truly know the person.

:unsure: :lol: :woohoo: :ohmy:
